Tasmania, a place which evokes thought of old world charm, pristine national parks and history. Dramatic and spectacular locations to visit and relax. On this tour we will have the chance to discover and engage in the laid back life style of Tasmania. You will have the opportunity to determine your daily programme and visit areas and experiences which interest you.

The itinerary is designed to provide time for everyone to enjoy the diversity of Tasmania. Many "do" Tasmania in 11 days, but we are taking our time, so that everyone can stop and take in the unexpected or wander, take photos, meet the locals or whatever "takes your fancy".

We will meet up at the end of the day at pre booked camping grounds, share experiences, have a drink and often join in a shared meal.

Our accommodation will be in camping grounds of a good standard, with full facilities except for our last night in Hobart when we will stay at a hotel.
